

# PREMIER IS COMMITTED TO YOUR HEALTH - WELLBEING - SAFETY

## CONTROL PATIENT VOLUME & FLOW FOR SOCIAL DISTANCING

Telemedicine visits along with automated check-in/out processes will help reduce the overall volume of people in our facility

A virtual waiting room will replace the traditional waiting area to provide seamless transit from parking lot to exam room

## MAINTAIN CLEAN AIR & SURFACES

Germicidal UV Light Disinfection Systems are installed in all AC units and common areas

Comprehensive surface cleaning protocols with specially formulated Germicidal spray

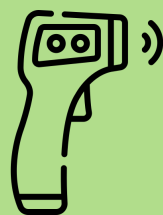

Touch-free automated faucets and toilets in all exam rooms and restrooms

## PERSONAL ACCOUNTABILITY & PROPER PROTECTIVE EQUIPMENT

Strict hand washing protocols

Daily temperature checks for all team members

Hand sanitizers installed in all facility locations

N95 and surgical masks for all team members

**PREMIER**  
INTEGRATIVE MEDICINE

“We are redefining the blueprint of primary care to keep you safe”
